- clearly motivated to work in team and grow in a multicultural environment

Interested in...

🎯 **Internships Or Permanent Opportunities** both in the Commercial and Technical areas.

🎯 **Fast Track Management Program (FTMP)**

FTMP is an international graduate program for top graduates coming from leading business and technical universities in Europe. All trainees who enter the 21 month-program work on 3 different project assignments around the Whirlpool European locations. The program offers a specific training, development and mentoring plan continuously monitored by Whirlpool business leaders who coach and advise the trainees to become future managers.
